

There are plenty of opportunities for parents to get involved at the Primary and Intermediate buildings. Students and faculty benefit tremendously from extra help provided by parents

Library help: Parents are welcome to come in and read to their child's class during library time. The students also need help during their check-out time. Contact your child's teacher to find out more about the times your child's class goes to the library.

Cafeteria help: Extra hands in the lunchroom are a great help! Many of the children still need help opening milk cartons and packages at the Primary Building. Both Primary and Intermediate lunch ladies welcome extra help preparing, serving and cleaning up each day.

Classroom help: Our teachers appreciate help from parents with many different things. Running copies, preparing supplies for art projects, and helping students with reading and math skills, are just a few of the things many of our teachers welcome help with. Contact your child's teacher to find out how you can help in their classrooms.
