TECHNOLOGY ACCEPTABLE USE POLICY
2018-19**

Seton Catholic Schools is committed to student use of technology as a tool to expand learning opportunities and conduct scholarly research. The use of technology facilitates global collaboration -- a vital skill for our 21st Century learners. Chromebooks and campus computers are strictly for educational use consistent with the educational goals of Seton. Along with the opportunity this provides comes responsibility. This Acceptable Use Policy provides clear and concise guidelines regarding the appropriate use of all Seton owned technology. The underlying premise of this policy is that all members of the Seton community must uphold the values of honesty and integrity. The proper use of technology reflects the strength of one's character, as does one's behavior. We expect our students to exercise good judgment and to utilize technology with integrity.

By signing this document, I have read and understand the Acceptable Use Policy for the 2018-2019 School year. I understand that there will be consequences for actions that violate the AUP. I also understand that I will be charged for all damages that happen to the Chromebook or if the Chromebook is lost.
